**Another ISIS atrocity in Paris. Where next?**

The French aircraft carrier “Charles de Gaulle” is on its way to conduct attacks on ISIS but it seems that the Islamists have struck first.

Here is what I have from Stratfor. The rest will be behind a paywall...but we will get it sooner or later.

The right wing parties led by Le Pen and Sarkozy will be strengthened as France goes into lockdown.

Sympathy for all refugees pouring through Europe is evaporating quickly...as the borders snap shut.

In France, the events will make the situation in the Muslim Ghettos of Paris and the Southern cities – notably Marseilles – far worse and a chain of negative events seems likely to flow from that.

The situation for the 500,000 refugees in transit will become gradually more intolerable as winter sets in.

As Britain awakes...

From the BBC...

The Paris attack is ringing alarm bells in all the countries with ex colonies.

**Bush, Blair, Howard et al enabled the creation of ISIS**

Primary responsibility was the daft 'war on terrorism', with the excuse of several attacks (*Editor's note: how many were false flags?*) Many will be saying, GW Bush, Tony Blair and John Howard...what a fine mess you have gotten the world into....injudicious invasion and regime change! With the attacks also in Beirut, the Middle East is a powder keg. The best coverage seems to be from Al Jazeera.
