

Sabbateanism and The Illuminati-Zionist Conspiracy

By Rich Quitliano, 2019

Editor's note: This article is one of many along similar lines that present their views on how outliers of religious or quasi-religious bodies have shaped society with a view to their version of a new world order.

I started watching some video's by an anthropologist named Robert Sepehr which led me to dig deeper into something that makes a lot of sense if you think about it. It has to do with the roots of Zionism along with the Jewish anti-jews that run banking, Hollywood, and much of the mass media. An argument has sprung up as to whether the Zionists or the Jesuits are behind the infiltration of the Catholic Church, the rise of the international banking houses and the decline of western culture... I don't necessarily call it good news, but the answer at least is all of the above. It all began with a man known as Isaac ben Solomon Luria who introduced mysticism and the occult into Judaic teachings through Kabbalah. Specifically the use of sex magick which would become more popular as time went on- picked up by Aleister Crowley and his *Ordo Templi Orientis*.

People tend to look at religions as monolithic entities, but this is not so... for example there are over 40,000 sects of Christianity, all worshipping Christ in some way shape or form but have different doctrines. The same is true of Judaism. Just as Christianity has split over the years, so too has Judaism... for our purposes the split that began this narrative began with Luria. Luria spawned what was described as the Messianic Movement...

*In the second half of the seventeenth century these ideas produced certain expectations in some Jewish elite figures, which led to a widespread messianic mass-movement around the figure of Shabbetai Tzevi (Sabbatai Zebi; 1626–1676). Drawing antinomian conclusions from some earlier sources, Tzevi and his prophets and theologians Nathan of Gaza and Abraham Michael Cardozo resorted to a variety of kabbalistic themes in order to foster their messianic beliefs, creating a moment of exhilaration at the beginning of the movement. An ensuing disappointment followed Tzevi's forced conversion to *Islam*.*

Luria may have spawned it but it was Sabbatai Zevi who picked up the ball and ran with it. It was Zevi who claimed to be the Messiah himself. At the time there were about 2 million Jews worldwide and about half followed Zevi and his Sabbatean Kabbalistic Judaism. Judaism had already split into the Ashkenazi and Sephardic Jews and it was primarily the Ashkenazi who followed Zevi although there were Sephardic as well only in smaller numbers. His teachings were the inversion of Mosaic Law... "Thou shalt not" became "Thou shalt." "Thou shalt not commit adultery" became "thou shalt commit adultery." This led to sex orgies on an enormous scale. Zevi was arrested by the Turkish Caliph and given an ultimatum "Convert to Islam or die." He chose Islam, in fact he encouraged his followers to denounce Judaism and infiltrate whatever religion was dominant where they lives, **but to practice Sabbateanism in private.**

The main concept in Sabbatean theology was relying on the concept that after Shabbtai Zvi entered the Jewish arena, the messianic era has started. In this new world, everything was turned upside down: the old law was cancelled, all the "do not" laws became "do" laws, even strong prohibitions such as Incest. The Sabbatean used to bless each other with this (twisted) verse: "Blessed art thou, Lord, who cancels and allows the prohibitions."

An interesting side note... Christ was offered practically the same choice by Pilate- renounce your Messianic claim (which He never made. When asked by Pilate who He was He merely stated "I am") and you can live, he chose an unimaginable death over recanting His divinity. Zevi made an insincere conversion and encouraged his followers to infiltrate other religions...

yet half of the existing Jewry stuck with Zevi and mostly Gentiles followed Christ- curious. Zevi was followed by an even more unscrupulous individual, Jacob Frank, who claimed to be the second Messiah.

The story of the Frankist sect started with the founder and leader, Jacob Frank. Born in Podolia in 1726 to a wealthy family from the inner circle of the Sabbatean, when he was 12 years old he joined his father on a business journey to Thessaloniki. It is assumed that he was introduced to Sabbatean circles in Thessaloniki and was deeply affected by this encounter. Upon his return to Poland in 1755 he started to develop a severe megalomania, deeply convinced that he was the true successor of Shabtai Zvi.

Frank eventually moved to Frankfurt and entered into an unholy tripartite alliance with Mayer Amschel Rothschild (Bauer), another Sabbatean Kabbalist and anti-jew, and Adam Weishaupt, the founder of the Illuminati. The success of the "Sabbatean Revolution" was more profound than anyone anticipated.

*After his [Zevi] "conversion," over a million followers, who later included financiers like the Rothschilds, imitated his example. But they didn't just pretend to be Muslims or Christians. They pretended to be Jews as well. Communist defector Bella Dodd revealed that during the 1930's the Communist Party had 1100 members join the **Catholic Priesthood**. They became Bishops, Cardinals and Popes.*

Many of these Jewish "defectors" were homosexuals and the same Bolsheviks who were so prominent in the Communist inner circle in the USSR under Stalin. In fact it was the Sabbatean Rothschild bankers that had financed the Revolution in Russia.

By adopting this chameleon strategy, this satanic cult infiltrated and subverted most governments and religions, and established an invisible tyranny without drawing much attention. In the words of the gifted researcher Clifford Shack:

"Through infiltration, stealth and cunning, this invisible network has come to rule us all. Forty-one years after Shabbatai Zevi's death, in 1717, they would infiltrate Masonry guilds in England and establish Freemasonry.... [Zevi's successor] Jacob Frank would have a great impact on the inner core of Freemasonry known as the Illuminati, formed in 1776. Freemasonry would become the hidden force behind events like the [American, French and Russian] revolutions, the creations of the U.N. & Israel, both World Wars (including the Holocaust!), and the assassinations of the Kennedy brothers who, together with their father, tried to thwart the efforts of the network on American soil.

This is the foundation of not only Zionism, but the globalist move toward the New World Order. If you do not worship God, then you serve Satan. Moreover, it is not the Jews *per se* that are the enemy, it is the Zionist anti-jews who eschew the teachings of the Torah and worship Baal instead. These are some of the Sabbatean luminaries:

Sabbatean/Frankists, also referred to as the "Cult of the All-Seeing Eye" (look on the back of your one dollar bill to begin to understand their influence in YOUR life), are political and religious chameleons. They are everywhere...there is power. They are the good guys AND the bad guys. The World War Two era is a prime example. The following leaders were members of the "Cult of the All-Seeing Eye" (Sabbatean/Frankists): Franklin D. Roosevelt; Winston Churchill; Adolph Hitler; Eugenio Pacelli (Pope Pius XII); Francisco Franco; Benito Mussolini; Hirohito and Mao Tse-Tung."

This explains the Emergency Banking Act of 1933 where FDR in effect declared bankruptcy and ceded ownership of the debt to the Federal Reserve (a Rothschild controlled bank) naming the American taxpayer as the guarantors. We were sold down the river- or into slavery if you prefer- by a Sabbatean cabalist.

*If Mr. Shack is correct, historians, educators and journalists are upholding a false reality and our culture is **an elaborate psy-op**. . Our perception of the human experience is shaped by an occult secret society.*

Obviously, the Sabbateans and their descendants should consume our attention. Instead, they are hidden from view. They were decisive in the so-called "Enlightenment," "secularism" and "modernism." These are but baby steps to their Satanism.

Hollywood serves as the public relations front for these Satanic Sabbateans... they in fact own Hollywood:

According to Rabbi Marvin Antelman, they believe sin is holy and should be practised for its own sake. Since the Messiah will come when people either become righteous or totally corrupt, the Sabbateans opted for debauchery: "Since we cannot all be saints, let us all be sinners.

"Their blasphemous benediction "who permits the forbidden" later became the satanist "do as thou wilt," the expression of their "religious" feeling. Totally amoral, they believe the "end justifies the means." ("To Eliminate the Opiate," Vol. 2 p. 87)

That is their tactic. They don't advocate a Satanic kingdom. They gently steer you that way by questioning the existence of God, by demanding "sexual liberation," "independence" for women, "inclusiveness," "internationalism," "diversity" and "religious tolerance." These all have a hidden agenda: to undermine "all collective forces except our own."

They have weaponized sex, whether through incest, homosexuality, promiscuity, or pedophilia and use it to their own advantage...

We are told "free sex" is "progressive and modern." In fact, the Sabbatean sect has indulged in wife sharing, sex orgies, adultery and incest for more than 350 years. They also promoted interracial sex. They have partly inducted us into their cult.

Sexual abandon is characteristic of Communism, a direct outgrowth of Sabbateanism. Jacob Frank pimped his beautiful wife to recruit influential men. Female members of the Communist Party were used in the same way. Adam Weishaupt, the founder of the Illuminati, got his sister-in-law pregnant.

A pertinent anecdote: In his book, "The Other Side of Deception," Mossad defector Victor Ostrovsky described how the Mossad relax. At a party, the staff, including many unmarried young females, congregated around a pool, totally naked. Orgy. Sexual abandon. Sabbateanism.

Marx himself was a Sabbatean Jew born into a very religious family. He indulged in incest, beat and impregnated the maid, against her wishes... he lived the Sabbatean lifestyle to the fullest including renouncing Judaism. Socialism, a doctrine so ridiculous that any educated person should be able to see through it in minutes, is being taught as an absolute in a broken educational system. Once these people got the Federal Reserve Act passed in 1913, the handwriting was on the wall. The "Roaring 20's" saw a loosening of morals. Since the 1930's, after the crash of the stock-market in 1929 and ensuing depression, our country has been under an unrelenting attack on our morals and values. The wild 1960's sexual revolution and massive protests that continue to this day are all just a part of the Sabbatean plan for domination. It is Sabbateans that are behind Cultural Marxism. George Soros is a Sabbatean. Scholar Henry Makow summarizes it perfectly...

Mankind is in the grip of a vicious Satanic cult whose power is so great, they can wage a covert war against humanity unnoticed. Even when their plot is exposed, they can convince everyone that it is racist, bigoted and in bad taste to believe it.

Western society is morally bankrupt. This elaborate cult network controls politics, information and culture. Most leaders are dupes or traitors. The "Intelligentsia" has been bribed while the public is distracted and lives in a fool's paradise.

Like most nations and religions, Jews have been subverted from within. Zionists are pawns of the Sabbateans who used the "holocaust" to engineer the creation of Israel. Millions of Jews been "sacrificed" to create a Sabbatean Homeland, a "burnt offering" to Satan, a capital of their NWO.

God gave man Life: a Miracle full of inherent Beauty and Meaning. He gave us everything we need to develop according to his Plan.

But people who think limitless power and wealth are better than infinite love have hijacked humanity. They want to prevent our Divine Rendezvous and entomb us in a permanent infantilism instead. This is the real meaning of our politics and our time.
