

## **"You Knew I was a Snake"**

**By Henry Makow PhD, 25 October, 2020**

Donald Trump the parable of the snake to refer to immigration. The parable of the snake is copied below.

People identify the snake as their favourite bogeyman, including Trump himself.

In my view, the snake represents Evil. And the woman represents Western society. We embraced the snake and now we are experiencing the reckoning.

*But instead of saying thanks, that snake gave her a vicious bite...*

*"I saved you," cried that woman*

*"And you've bit me even, why?"*

*You know your bite is poisonous and now I'm going to die"*

*"Oh shut up, silly woman," said the reptile with a grin*

*"You knew damn well I was a snake before you took me in..."*

**The creation of the Federal Reserve in 1913. We gave our national credit cards to a cartel of Cabalist Jews and Freemasons (Satanists) dedicated our destruction.**

*"You knew damn well I was a snake before you took me in..."*

**We allowed a satanic cult, Freemasonry, affiliated with the banking cartel to infiltrate every social institution. "We corrupt in order to control (and destroy)" is their motto.**

*"You knew damn well I was a snake before you took me in..."*

**We allowed this corruption to spread to all the institutions necessary for the preservation and healthy development of society: government, the mass media, education, church, justice system, military, police.**

*"You knew damn well I was a snake before you took me in..."*

**We elected criminals and perverts, handpicked by the bankers because they can be controlled. Clinton. Biden. Obama. Trump. In Canada we elected Fidel Castro's son. In UK, Bojo. In France, they elected Macron over LePen.**

*"You knew damn well I was a snake before you took me in..."*

**We have had their masterplan, the Protocols of the Elders of Zion for more than 100 years but we believed their excuses.**

*"You knew damn well I was a snake before you took me in..."*

**We allowed our defenders to be vilified or murdered without consequences. JFK. Charles Coughlin. Louis McFadden. We ignored the warnings of truthers.**

*"You knew damn well I was a snake before you took me in..."*

**We let them destroy the twin towers on 9-11 killing over 3000 innocent Americans. Again no consequences.**

*"You knew damn well I was a snake before you took me in..."*

**We let them spread homosexuality and undermine gender, marriage, and family.**

*"You knew damn well I was a snake before you took me in..."*

**We let Communists, who are a branch of Freemasonry disguised as liberals, to operate freely. We turned our foreign policy over to Israel.**

*"You knew damn well I was a snake before you took me in..."*

**We allowed them to addict us to porn, and sex in general, to distract us from defending the institutions and values we hold dear.**

*"You knew damn well I was a snake before you took me in..."*

**Yet you believed Bill Gates, Anthony Fauci, and good cop Donald Trump on the #scandemic and need for lockdowns, masks, vaccines and -- coming soon -- internment camps. A pandemic with a death rate of one-quarter of one percent is a ruse, not a pandemic.**

You get the picture.

You cannot expect a snake to take mercy on you just because you were negligent, gullible, craven, and feckless.

They are open about their plans in order to compromise us. They have succeeded.

Satanism has only one goal. To DESTROY. We embraced the snake. We allowed Evil to invade.

Satan destroys his adherents. We are culpable.

Now we must reap the whirlwind.

---

**First Comment from R**

**We didn't allow all these things.** All of them were sneak attacks by liars, thieves, and murderers, aided from the inside by traitors, corrupted villains, and fake news media that have been lying to us for more than a hundred years.

Yes, we did elect criminals and perverts, but also only because of the fake news media that we trusted. Again because of the media, we didn't even know they were snakes before we took them in, at least not the giant snakes they turned out to be. No one chose what we have now. If we go down, it's not because we are culpable of choosing evil, but because we were too stupid to recognize the evil of these snakes. That's not quite the same thing, although the end result may be the same. But the guilt for the evil is exclusively on the snakes.

Don't try to load it on our shoulders by declaring us culpable. If we are culpable of anything, it's only for being too stupid, too trusting, too civilized. Those of us who see what's coming protest it in the loudest possible way. Sneak attacks are uncivilized, and in a universe that is decent, the treachery of that kind will not go unpunished.

To hell with you snakes, and all those who aid and abet you. You are "a people always under the wrath of the Lord". Malachi 1:4. Your only way out is to repent and become decent and civilized, else you will stay in darkness forever. That will be the judgment of God, and you know it.

## **The parable of the snake**

*On her way to work one morning*

*Down the path alongside the lake*

*A tender-hearted woman saw a poor half-frozen snake*

*His pretty coloured skin had been all frosted with the dew*

*"Oh well," she cried, "I'll take you in and I'll take care of you"*

*"Take me in oh tender woman*

*Take me in, for heaven's sake*

*Take me in oh tender woman," sighed the snake*

*She wrapped him up all cozy in a curvature of silk*

*And then laid him by the fireside with some honey and some milk*

*Now she hurried home from work that night as soon as she arrived*

*She found that pretty snake she'd taken in had been revived*

*“Take me in, oh tender woman*

*Take me in, for heaven's sake*

*Take me in oh tender woman,” sighed the snake*

*Now she clutched him to her bosom, “You're so beautiful,” she cried*

*“But if I hadn't brought you in by now you might have died”*

*Now she stroked his pretty skin and then she kissed and held him tight*

*But instead of saying thanks, that snake gave her a vicious bite*

*“Take me in, oh tender woman*

*Take me in, for heaven's sake*

*Take me in oh tender woman,” sighed the snake*

*“I saved you,” cried that woman*

*“And you've bit me even, why?*

*You know your bite is poisonous and now I'm going to die”*

*“Oh shut up, silly woman,” said the reptile with a grin*

*“You knew damn well I was a snake before you took me in*

*”Take me in, oh tender woman*

*Take me in, for heaven's sake*

*Take me in oh tender woman” sighed the snake*
