

THE COVID-19 VACCINE KILL SHOT HEARD AROUND THE WORLD

“The Wuhan Virus is poised for human emergence”

— Dr. Anthony Fauci (from 2016)

”Stop saying you “did your research” before you got the Covid-19 vaccine ... because YOU ARE the research”

“Dr. Fauci has been running a criminal conspiracy, defrauding the United States interests, selling out United States interests to the Chinese, and selling out this country since 1999.”

Our controllers appear to be committed to their plan for population reduction and world control through a total police and surveillance state via a carefully planned and contrived pandemic.

The COVID-19 vaccine will be remembered as the “Kill Shot” heard around the world. That’s not just my opinion, that is the opinion of doctors and scientists around the world whose articles and videos are being heavily censored by the mainstream media, social media, and online censorship by the biggest sites online, the likes of Google, Youtube, Facebook, and Twitter among others.

Dr. Sucharit Bhakdi, a world-renowned Microbiologist, warns that the COVID hysteria is based on lies, and that the COVID vaccines are set to cause a “global catastrophe and decimation of the population.”

A report dated April 20, 2012, from the level 4 bio-lab at the University of Texas where vaccine testing for the SARS virus was done, says, all of the animals tested experienced an autoimmune response and all of the animals died. The report titled, “Immunization With SARS Coronavirus vaccines Leads To Pulmonary Immunopathology On Challenge with The SARS Virus”, said the animals exposed to the vaccine bled internally, had holes in their lungs, liver, hearts, and developed blood clots and tumors, along with suffering organ failure.

No one is even talking about how this will contaminate the blood supply, or how many women have miscarried after the jab. No pregnant women participated in the trials, so why are they being encouraged/pressured to get this dangerous

vaccine? The report concluded, urging “Caution in proceeding to application of a SARS-COVID vaccine in humans.”

There were no other tests done on humans until the criminal FDA approved them for emergency use on the world population to battle this phony COVID pandemic. Medicines that were approved for use and have proven to be effective treatments like Hydroxychloroquine and Ivermectin were demonized and banned. In a new scientific peer-reviewed study Ivermectin is being touted as a miracle cure for COVID-19. Alert the media!

Anyone who takes this vaccine voluntarily is a Guinea Pig or a human crash test dummy.

Mandating these vaccines is unconstitutional, illegal, and would be a violation of the Nuremberg Code’s “Informed Consent” and rules for human experimentation, as voluntary consent is absolutely essential. The Nuremberg Code is a set of ethics and principles for human experimentation that resulted from the Nuremberg trials after World War 2.

This so-called vaccine is supposed to fight a virus that the CDC admitted has yet to be identified. How can there be informed consent on a vaccine that is not FDA approved and for which there was no animal testing, another Nuremberg Code violation? No long term studies have been done and the vaccine inserts don’t even list the ingredients. What the hell happened to “My Body My Choice”? This isn’t health care, this is tyranny!

If that isn’t reason enough to take a pass on these so-called vaccines, the Chinese and Indian governments announced that they want nothing to do with Bill Gates’ gene therapies. I wonder what they know?

Dr. Janci Chun Lindsay worked on the development of a human contraceptive vaccine which ended up causing unintended autoimmune ovarian destruction and sterility in animal tests. Dr. Chun-Lindsay recently told the CDC that “the

COVID vaccines could create cross-reactive antibodies to Syncytin, an important human antibody, impair fertility and pregnancy outcomes, and she concluded, “I strongly feel that all the gene therapy (modification) vaccines must be halted immediately due to safety concerns on several fronts”

Dr. Peter McCullough is the most cited medical doctor on the COVID-19 treatments at the National Library of Medicine and has testified before Congress. In a recent interview with Alex Newman Dr. McCullough said, normally if a drug kills 5 people it gets a “Black Box warning”, the medical equivalent to “Double Secret Probation”, and if it kills 50 people it gets taken off the market.

McCullough believes that the strategy implemented in cooperation with the Bill and Melinda Gates Foundation, the criminal World Health Organization along

with the CDC and The National Institute of Health killed thousands of people and the vaccine is killing thousands more.

They are now blaming this wave of vaccine deaths on new variants and saying it's a sign of the 4th wave of the COVID virus. The former Chief Science Officer and VP at Pfizer, Dr Michael Yeadon, warned that the government and Big Pharma are "colluding to deceive the public with this pandemic and global crimes against humanity are being perpetrated against a large proportion of the world's population". He says he became uncomfortable when he found that the Gates Foundation was giving grant money to the MHRA, a regulatory agency in England which is the equivalent of the FDA.

Sounds inappropriate to me but Bill Gates owns every decision-maker when it comes to medicine or health care in all of the western countries. Dr. Yeadon also said, "It's my considered view that it is entirely possible that this will be used for massive-scale depopulation." Hmm... If we had real journalists at real news agencies in this country during a real pandemic, this guy would be a fixture on cable news and he's not.

Tucker Carlson became the first mainstream news anchor to bring up the fact that people all over the country are sick and dying from these vaccines. As of May 6th, VAERS, the vaccine injury report listed 60k injured, over 15k serious injuries and 4,178 deaths that have been attributed to the COVID vaccine. Deaths from COVID shots now equal 20 years of recorded deaths for all vaccines since 2001. As fewer than 10% of vaccine injuries are reported to the system, the number of injured and dead is doubtlessly much higher.

Mike Adams has reported that the Gates Foundation and DARPA funded a self-replicating weaponized vaccine technology that began under Apartheid to exterminate Blacks in South Africa, the same technology that powers the COVID vaccine. This vaccine "sheds harmful spike proteins to the unvaccinated that are causing widespread bleeding, bruising, blood clots, and other harmful effects that won't be fully known for some time. We are still in the trial phase after all.

Unbelievably, Pfizer recently started testing their COVID vaccine on toddlers and already, as reported to the Vaccine Adverse Event Reporting System (VAERS), a two-year-old little girl died 6 days after receiving her DNA modifying, second Pfizer jab. The report says that the girl fell ill after the first shot and had to be hospitalized on Feb 14th. Despite this, someone made the decision to give an already gravely ill child the 2nd dose as scheduled on February 26th. She died on March 3rd. What doctor in their right mind would approve that 2nd shot? And what about the parents, why would they have their innocent child injected with experimental DNA changing gene therapy (modification) to protect her from a virus that poses so little a threat?

Alex Jones opened the phone lines to listeners in the medical field who've had an experience with a COVID death or injury and call after call came in from doctors, nurses, and health care workers who called in with personal stories of parents,

aunts uncles, siblings, friends, and co-workers who got the vaccine and died shortly after or became deathly ill. One caller said his sister, who was breastfeeding, got the vaccine, and not long after, her baby started having seizures.

There appears to be an agenda to ignore the mounting death count. Why? Dr. McCullough believes the government is scrubbing unprecedented numbers of vaccine-related deaths. Heart Attack and stroke numbers should be off the charts this year since most were listed as COVID casualties last year. Healthy people who took the vaccines are dying right and left of heart attacks and strokes after the Jab, which would almost be expected after reviewing the Texas study, but those deaths are not listed as vaccine-related.

*Strangely, the COVID virus was killing mostly older,
unhealthy people with 3 or 4 comorbidities,
while the COVID vaccine is killing
young, healthy people!

Dr. Michael Flanigan, a 48-year-old plastic surgeon, husband and father of three, received his first dose of the experimental Moderna gene-modifying mRNA vaccine on January 6th according to his Facebook page, and received his second dose on February 3rd. A real jokester, Dr. Flanigan wrote his own obituary after his jabs mocking anti-vaxxers...he died 11 weeks later.

An international group of doctors, "Doctors For Covid Ethics" points out that the survival rate of COVID-19 exceeds 99.98% globally. The group has a problem with the efficacy of the vaccines saying "COVID-19 vaccines lack a viable mechanism of action against SARS-CoV-2 infection of the airways.

Antibodies cannot prevent infection by an agent such as SARS- CoV-2 that invades through a respiratory tract. Moreover, None of the vaccine trials have provided any evidence that the vaccination prevents transmission of the infection by vaccinated individuals."

If antibodies don't prevent infection against this virus in animals, why do they still talk about the Importance of reaching herd immunity? The animals in the vaccine trial were given sufficient antibodies but when exposed to the virus they all died. Is that why they didn't do the animal trials for these so-called vaccines? Was that part of Trump's "Warp Speed", streamlined, and terribly flawed final product? It makes you wonder what other corners were cut.

The group of doctors for COVID ethics concluded that the COVID vaccines are "needless, ineffective, and dangerous."

Dr. David Martin asserts that these are not vaccines at all. In fact Moderna, in their filings with the SEC make it abundantly clear that the mRNA technology is not a vaccine and is considered gene therapy by the FDA and no mRNA product has ever been approved by the FDA. The World Health Organization has guidelines for what a vaccine is, and it was updated in 2018.

A vaccine must do 1 of these 3 things:

- *It actually blocks the transmission of a virus or a pathogen
 - *It stops someone from being infected
 - *It is a treatment of a disease, or it actually blocks the expression of a pathogen.
-

Dr. Martin says the mRNA vaccines do none of those 3 things and questions if this gene therapy is covered by the vaccine injury immunity against liability that Big Pharma has enjoyed for 35 years.

A new report from the CDC shows that PCR tests for vaccinated people, which can be manipulated, will use a setting of 28 PCR cycles, which almost guarantees a negative COVID result.

The CDC used a 45+cycle to inflate the COVID numbers even though 40+ results in 97% false positive, and continue to use 43-45 cycles on the unvaccinated to keep the lockdowns in place, get mask mandates extended and sustain the fear until the vaccine rollout. Lowering the count on people who have been vaccinated is deceptive and gives a false impression that these vaccines are working.

The following is the title of an Australian Department of Defense report from 2016 about the poisonous COVID-19 vaccine. Hmm...How did the Australians know about this virus in 2016? Public Health Act 2016 (WA) – Instrument of Authorisation – Authorisation to Supply or Administer a Poison [SARS-COV-2 (COVID-19) VACCINE – Australian Defence Force] (No.2) 2021

Dr. Carrie Madej recently sat down with Alex Jones and says this could be the end game for humanity because of the high percentage of women who are having miscarriages and problems with their placenta's, uterus's, and menstrual cycles after being vaccinated. She said nanotechnology is in these vaccines and says she was told 5 years ago that bio-sensors would be implanted in our bodies and will do much more than track us. They will know everything about us, blood pressure, blood sugar, and how many beers we had last night. Now they say a 3rd shot is needed and Dr. Madej says they plan us to take several vaccines a year.

The Salk Institute just published an eye-opening article proving that the SARS CoV-2 spike protein that is injected with 2 of the vaccines or in the case of the mRNA gene therapy instructs the body to manufacture the protein is what is causing the vascular damage, heart attacks, strokes, blood clots, and migraines among other conditions. According to the report “the vaccines were designed to contain the very element that is killing people. the spike protein damages cells and causes vascular disease even without a virus.” The report also confirms that COVID-19 is a vascular disease and not a respiratory disease.

The new jobs report just came out and the numbers are as bad as everything this President has done since taking office. The numbers were 750 thousand lower than the Biden administration projected. Clueless Joe’s reaction in a speech after the release was as out of touch as he is on most subjects. When he was asked about the new job numbers he laughed and said, “This month’s job numbers show we’re on the right track”. That’s not what someone who is paying attention expected to hear!

Our controllers want a race war to cover up the economic collapse that has been coming for a while. Bill Gates is Dr. Frankenstein and Dr. Fauci is his Igor. These men brought us this manufactured pandemic that has contributed to this dreadful, dying economy, and are making hundreds of billions on the testing and vaccines. I look forward to seeing them defending their actions in an international criminal court someday soon.

The Blue States are under attack by Antifa and Black Lives Matter terrorists who are taking to the streets as the weather warms, blocking traffic, damaging cars, attacking drivers, looting stores, and assaulting people in restaurants while the police do nothing. The media continues to do what they can to create division among the races, and now they are pitting the vaccinated against the unvaccinated, and the masked against the unmasked.

Their plan, no doubt, is to demonize and defund the police, step up the attacks by violent Marxist terrorists that are funded by George Soros and other leftist big money. Their goal is to bring in UN Troops to disarm and control Americans. China Joe and His family were in business with the CCP for years, which means they are likely controlled by the CCP based on the dirt they have on both Hunter and Joe.

The enemies are inside the gates as Cicero feared, the question is do we have enough patriots in this Congress and Senate to turn things around? And how long would that last with our children being taught to hate America? Children are being brainwashed by “Critical Race Theory (encourages the White kids to hate themselves and the Black kids to hate the White kids, a racist win-win for BLM), fake history will be the only history taught (1619 Project), and fear of fake crisis’ (Global Warming, systemic racism). Advanced math courses are being canceled because minorities can’t cut the mustard. History and civics are no longer taught and math and writing properly is now racist. Classic books are being banned as racist and offensive while they are teaching 4th graders about

dildos, drag queens, and anal sex.If there was ever a time to homeschool this is it, forget the college fund and get your kid a good tutor now!
