

## Update On Legal Proceedings Against The CDC, WHO, & Davos Group

By Alexandra Bruce, 15 June 2021

Dr Reiner Fuellmich is the public frontman for an international team comprised of hundreds of lawyers and medical experts, who have begun legal proceedings over the CDC, the WHO, and the Davos group for committing crimes against humanity.

The protocol for the PCR test given by the WHO and the CDC was knowingly set to a level that guaranteed 100% false positives or false negatives.

So there is no pandemic.

This is all about getting people to take the shot. Their argument is that we are at the very least being subjected to an illegal experiment. And at the worst, global genocide.

Dr Fuellmich points out how the experimental jab is in clear violation of all ten of the Nuremberg Codes, *which carry the penalty of death for those who violate them*.

**Number 1:** Voluntary consent is absolutely essential. There should be no intervention or any element of force, fraud, deceit, duress, overreaching, or other ulterior form of constraint or coercion.

By definition, a vaccine must provide immunity to the virus, protect recipients from getting the virus, reduce deaths, infections, circulation and transmission of the virus.

We are told the experimental jab does none of these, yet they fraudulently call it a “vaccine”. As far as duress, restraint and coercion, it’s everywhere: If you want your life back, get the shot.

**Number 2:** The experiment should be such as to yield fruitful results unprocurable by other methods.

The most fruitful method would be a healthy immune system, which can be achieved through good health and natural supplements, such as Vitamin D and Vitamin C and Zinc but the people are not being told this. In fact, those that point it out are being vilified and silenced.

**Number 3:** The experiment should be designed and based on the results of animal experimentation.

This experimental jab skipped animal testing.

**Number 4:** The experiment should be so conducted as to avoid all unnecessary physical and mental suffering and injury.

According to official reports, there are already thousands of deaths and over a quarter of a million injuries from this experiment.

**Number 5: No experiment should be conducted where there is an a priori reason to believe that death or disabling injury will occur.**

Past trials have shown a strong possibility that these new spike proteins will cause a body to attack itself. This is known as Antibody Dependent Enhancement (ADE) and recent doctors have blown the whistle that *this could end up killing everybody who's been vaccinated in the next two years.*

**Number 6:** The risk to be taken should never exceed the benefit.

COVID-19 has a 98-99% survival rate, *less deadly than the seasonal flu.* The experimental jab is already the most dangerous vaccine in VAERS' 30-year history.

**Number 7: Proper preparations should be made and adequate facilities provided to protect the experimental subject against even remote possibilities of injury, disability, or death.**

There were no preparations made. There are no facilities. The subject shows up for their shot and goes home.

**Number 8: The experiment should be conducted only by scientifically-qualified persons.**

This experiment has been exclusively run by politicians, the media, celebrities and Big Pharma bureaucrats.

**Number 9: The subject should be at liberty to bring the experiment to an end.**

Thousands of medical experts have attempted to end this madness and their voices continue to be silenced.

**Number 10: The experiment must be brought to an end, if resulting in injury or death.**

And yet, the experiment pushes on. Once again, those who violate these international laws are subject to the death penalty.

Legal proceedings are moving forward and evidence is being collected. Whistleblowers are directed to contact the international team at [www.securewhistleblower.com](http://www.securewhistleblower.com).

*This is likely the biggest crime ever committed against the world population.* The question is, do we still have a judicial system to exact justice?
