

## 10 Current Trends of Operation Coronavirus as of August 2021

By Makia Freeman, thefreedomarticles.com , 26 August 2021

### AT A GLANCE...

- **THE STORY:**

What are the latest twists, turns, patterns and trends in the COVID op?

- **THE IMPLICATIONS:**

The world has slipped into a deep state of helplessness and tyranny. Can humanity extricate itself from this before it's too late?

Learn the 10 current and important COVID trends in Operation Coronavirus as of August 2021. Will humanity rise up to stop this?

### **There are 10 current trends that have been**

emerging and becoming very clear in the last few weeks of Operation Coronavirus. We are now around 1.5 years since the scamdemic was launched in the West, and even though many people have awakened to the true diabolical nature of the agenda, there are still many others hopelessly lost in fear, confusion, hypnosis and blind obedience to authority. The COVID op still advances worldwide. Below are 10 current trends that summarize the latest iterations of an operation that is quite probably planned to last until at least 2025 – if not longer. However, this is not about predictions. This ends when we end it. Despite the ominous advances of Operation Coronavirus, the solution is still just as present as it has always been: determined, peaceful non-compliance en masse. If we sit around, this will only get worse and worse and worse.

### **COVID Trends #1: Vaccine Mandates and Segregation of the Vaccinated and Unvaccinated**

Vaccine mandates are being pushed in many nations and states. The pattern is that governments are mandating vaccines for people in their jurisdiction first to see if they can get away with it. This means that federal workers, state workers, city/municipal/county workers and other public officials will get hit with **vaccine mandates** first by their respective governments, because these governments have most control/jurisdiction over them. The agenda, of course, is to start small and go big, moving from small vaccine mandates to society-wide and planetary-wide vaccine mandates (remember [Bill Gates' announcement in 2020 that he wanted to vax the entire world of 7 billion](#) people?). Commifornia Governor Newsom [announced](#) a “**vax or test**” rule for all teachers in the state while both the New York Governor (disgraced Andrew Cuomo who is about to leave) and Mayor (Bill De Blasio) announced vaccine mandates for their respective jurisdictions. Luckily people are not taking this lying down, with a [group of restaurant owners choosing to sue New York City and de](#)

[Blasio](#) over the mandate. Meanwhile, [Canada is set to mandate COVID vaccines](#) not only for all federal public employees but also for all commercial air travelers.

### **COVID Trends #2: Blaming the Unvaccinated**

The New World Order (NWO) controllers know that to continue the scamdemic, they need to keep inventing new things to scare people, as well as demonize those who don't go along with the agenda. This trend addresses these 2 needs at once. By blaming the unvaccinated, they simultaneously claim that the pandemic is still ongoing while attributing the cause of its continuance to the "dirty, selfish" unvaccinated who just won't sacrifice their bodily autonomy and medical sovereignty for the greater good. As usual, a closer inspection of these claims reveals them to be false. The original 'pandemic' cannot be ongoing because it never existed in the first place, being instead propped up by fraud and deceit achieved via methods such as the untrustworthy PCR technique ([now abandoned by the CDC](#)) and the bribing of doctors, clinics and hospitals to inflate the case and death counts.

While the original 'pandemic' cannot be said to continue, we are faced with a grave new issue: the rise of disease due to the vaccination itself, whose symptoms conveniently mimic those of the disease. [Gibraltar recently had a 2500% increase in COVID cases despite being fully vaccinated](#), and similar things happened in [Iceland](#) and Israel. [Israel's Director of Public Health admitted that 50% of new COVID cases were among the fully vaccinated](#).

### **COVID Trends #3: Punishing the Unvaccinated**

Blaming the unvaxxed is one thing, however the NWO manipulators orchestrating Operation Coronavirus are not stopping there. The agenda is to punish the unvaccinated in a variety of ways. It's basically a gaslighting technique to turn up the psychological heat and to make normal life so difficult that the unvaccinated will capitulate and submit to having the dangerous and experimental COVID fake-vaccine shoved into their bloodstream. The carrot-and-stick approach is now turning more to the stick only approach. An [Alabama doctor says he won't treat unvaccinated people](#); [unvaccinated Australians will be barred from major sporting events](#); [unvaccinated Quinnipiac University students will face weekly fines and lose access to wi-fi](#); plans are afoot to [deduct \\$50 a month from employees](#) who remain unvaxxed.

It doesn't stop there. In Pakistan, thousands were cajoled to line up for the fake-vaccine after the [Pakistani government shut down cell phone service for the unvaccinated](#); a local [Philippine government declared that unvaccinated people would be barred from purchasing food](#); and finally, a University of Washington Medical Center [pulled a heart transplant patient from the waiting list after he refused the COVID vaccine](#). Sad to say, this is just the beginning.

### **COVID Trends #4: Tyrants Pushing It to the Extreme**

Another conspicuous trend has been the willingness of power-hungry control freaks in positions of authority to go into full blown tyranny mode – taking it to the point of extreme absurdity. Again, these would-be tyrants will get away with as much as they can unless people stand in their sovereignty and in their power to push back. Many of these examples come from Australia which appears to be a breeding ground for the most insane, dictatorial and Orwellian rules in the entire world. One Australian health official [told grandparents to not go anywhere near their grandkids](#); the [Queensland Chief Medical Officer called for residents to not open their front doors or even shop online](#) (because that would mean some postal worker has to be out delivering your mail and therefore 'in danger' – seriously this is the absurd level to which the propaganda has sunk); [Australian Police chastised and fined a](#)

[man who went outside to get some fresh air](#); and [Melburnians were again hit with a curfew and were told they needed a permit to leave home to work and that face masks were no longer allowed to be removed outside to drink](#). Meanwhile, in neighbouring nation [New Zealand](#), [PM Ardern put the entire country into lockdown after just 1 single COVID case and told people to not talk to their neighbors](#) (echoing what Aussie officials had said a few weeks earlier). A [Southwest Airlines flight attendant told a mother to glue the mask to her toddler's face!](#)

This is our world today. **Insanity is the new normal.** At what point has the deep tyranny and absurdity reached enough of a nadir that people will stand up and say “NO!!!!!!!!”?

### **COVID Trends #5: Masking Children**

The NWO agenda is a heartless, Satanic agenda. If you think it's going to at least spare the kids, think again. Australia again features in this next story as Paul Watson [reports](#) that Australian police were pepper spraying children for not wearing face masks. Nice one; what bravery. That is severe trauma in the making for our future generation to work through when adults. It is not surprising that an [Australian health official fled a press conference when questioned over the rise in teen suicides in Victoria](#). An [Irish report came out to confirm that making children wear masks in the classroom is child abuse](#); the report states it can worsen existing health issues, stunt language skills and cause psychological harm. Meanwhile, some backbone still prevails in some parts of the world, as these [parents in Tennessee descended on a school board meeting to oppose a mask mandate in their schools](#).

### **COVID Trends #6: Vaxxing Children**

Masking children is one thing, but the **COVID op** is ultimately about vaxxing them. Although the Big Pharma companies initially stated that their vax was not suitable for children, it hasn't taken long to move the goal posts. Parental consent is being constantly undermined as authorities are openly encouraging children to defy their parents and sneak the vaccine behind their parent's back. In a recent case in Boston, the [court took custody](#) of a biotech executive's 14-year-old child to force vaccination against the parents' wishes. Meanwhile, [Israel has introduced new COVID rules that require children aged 3 or more to produce proof of vaccination](#) or a negative COVID test. Australia is yet again leading the COVID charge into the depths of darkness by having herded 24,000 kids in NSW into a sports arena to vaccinate them. You can read more about it [here](#), plus the Satanic connection to the location [here](#), and [Stew Peters just reported that he spoke to an Australian ex-military officer who said 2 children died](#) from the shots. Brad Hazzard, the NSW Minister for Health and Medical Research, explicitly stated in a press conference that no parents would be allowed to enter. Can this agenda get any more sinister and diabolical?

### **COVID Trends #7: Forcing Mental Assessments and Psych Evaluations on Those Who Don't Buy the Narrative**

This one is a common occurrence throughout the history of tyrannies. Governments fear those who think differently and can't be brainwashed. Declaring such people as enemies of the state or forcing them to have some kind of mental assessment or psychological evaluation is a well-used trick to get them locked up and out of the way – temporarily, if not permanently. I am sad to say that such a thing just happened (in Australia, again) when recently a [man was forcibly imprisoned](#) in a mental asylum to be assessed for the 'crime' of having a different opinion to the mainstream COVID narrative.

### **COVID Trends #8: Heartless Rules and Heartless Rule-Followers**

Another trend to emerge is the making of strict, totally unreasonable and heartless rules, combined with the deployment of heartless drones to enforce them without compassion or critical thinking. A British man was recently jailed for 6 weeks for [refusing to wear mask while in Singapore](#), and was ultimately deported. Victoria Health, an agency of the state of Victoria Australia, recently [denied a Sydney woman's request to be with her daughter who was recovering from cancer](#), because it would involve crossing the state border. The Australian mask goons took things too far yet again when they [caused a suspected heart attack in a man while trying to arrest him](#) ... for not wearing a mask. You can thank Victorian Premier Dan Andrews, nicknamed Dictator Dan and Kim Jong Dan for his totalitarian tendencies, for some of this. The word “compassionate” and “Dan Andrews” don't belong in the same sentence. By the way, Andrews is so hopelessly brainwashed and out-of-touch himself that he even cluelessly confessed that he didn't “*know what half of them are protesting against*” which is a staggering admission for a man who has destroyed freedom in a state of 6+ million people.

So let's get this straight. Governments of the world are only locking us down, masking us and vaccinating us because they care deeply about our health, right? They care so much about our health that they will literally cause heart attacks and kill us just to ensure we are safe against the deadly COVID-19, right? I see ... make perfect sense.

### **COVID Trends #9: Inventing Scary-Sounding Variants Out of Thin Air**

There's really nothing to say about the purported **delta variant** other than it's pure nonsense. It doesn't exist, and neither do any other Greek-letter variants which are coming down the pipeline such as a potential **kappa variant** or **omega variant**. As I have covered in [previous articles](#), you can't have a variant of something that has never been proven to exist in the first place. The **SARS-CoV-2 virus has never been purified or isolated**, and courts around the world are hearing governments being unable to produce evidence that it does. Stories of a magical and scary delta variant are yet more desperate fearmongering to keep the narrative alive.

### **COVID Trends #10: Vaccine Injuries and Deaths Mount Sky High**

The final trend to emphasize is the growing number of vaccine-injured and vaccine-killed. Children's Health Defense [reports](#) that in under a year “*more than 500,000 post-COVID vaccine injuries have been reported to VAERS — nearly a third of all reports accumulated over the system's entire three-decade lifespan.*” That's just what is officially in VAERS (Vaccine Adverse Event Reporting System). Jon Rappoport [reports](#) all the various ways that the VAERS number is way, way lower than the real number. Here are a few excerpts:

*“ONE: A bombshell. Alex Berenson, former New York Times reporter, August 6: “Covid vaccine maker Moderna received 300,000 reports of side effects after vaccinations over a three-month period following the launch of its shot, according to an internal report from a company that helps Moderna manage the reports.”*

*“That figure is far higher than the number of side effect reports about Moderna's vaccine publicly available in the federal system that tracks such adverse events.”*

*BOOM. 300,000 vaccine adverse effects NOT reported to VAERS, the federal database. Berenson: “The 300,000 figure comes from an internal update provided to employees by IQVIA, a little-known but enormous company that helps drugmakers manage clinical trials.”*

*“TWO: Independent researcher Virginia Stoner has issued a stunning new report on the VAERS numbers, and the effort by mainstream scientists to minimize the destructive effects of*

*the COVID vaccines. Here are key quotes from her report: “More deaths have been reported to VAERS from the covid shots than from all other vaccines combined for the last 30 years.””*

*“THREE: Open letter from Doctors for COVID Ethics accusing governments and media of lying to the people: “Official sources, namely EudraVigilance (EU, EEA, Switzerland), MHRA (UK) and VAERS (USA), have now recorded more Injuries and Deaths from the ‘Covid’ vaccine roll-out than from all previous vaccines combined since records began.” “TOTAL for EU/UK/USA – 34,052 Covid-19 injection related deaths and over 5.46 million injuries reported as at 1 August 2021.”*

*“It is important to be aware that the official figures above (reported to the health authorities) are but a small percentage of the actual figures. Furthermore, people continue to die (and suffer injury) from the injections with every day which passes.”*

*“This catastrophic situation has not been reported by the mainstream media, despite the official figures above being publicly available.””*

Then Jon mentions the 2010 Harvard study *Electronic Support for Public Health–Vaccine Adverse Event Reporting System (ESP:VAERS)* which concluded that VAERS under-reports by a factor of 100 times. Yes. You read that correctly: 100x. The study stated that *“fewer than 1% of vaccine adverse events are reported.”*

*“FOUR: The well-known 2010 Harvard Pilgrim Health Care, Inc. study of VAERS bluntly stated: “Adverse events from vaccines are common but underreported, with less than one percent reported to the Food and Drug Administration (FDA).”*

## **Final Thoughts**

In short, **this only ends when we end it.** The world all over is rapidly descending into tyranny right before our eyes. Are enough people aware and awake enough to see it? And, are enough of the aware ones courageous enough to stand up now, when it counts, to create a world of love, freedom and peace rather than allow this nightmarish reality to exist?
