Communist Rules for Revolution

The allied forces discovered a copy of these "Rules" in May, 1919, at Dusseldorf, Germany. They were first printed in the United States in the Bartlesville (Oklahoma) Examiner-Enterprise that same year, 1919. Almost 30 years later, in 1946, the Attorney General of Florida obtained them from a known member of the Communist Party USA, who acknowledged that these "Rules" were then still a part of the Communist program for the United States. They are as follows:

1. Corrupt the young, get them away from religion. Get them interested in sex. Make them superficial. Destroy their ruggedness.

2. Get control of all means of publicity.

3. Get people's minds off their government by focusing their attention on athletics, sexy books, and other trivialities.

4. Divide the people into hostile groups by constantly harping on controversial matters of no importance.

5. Destroy the people's faith in their natural leaders by holding the latter up to contempt, ridicule, and obloquy.

6. Always preach true democracy, but seize power as fast and as ruthlessly as possible.

7. By encouraging government extravagance, destroy its credit and produce fear of inflation with rising prices and general discontent.

8. Foment unnecessary strikes in vital industries, encourage civil disorders, and foster a lenient and soft attitude on the part of government toward such disorders.

9. By specious argument cause the breakdown of the old moral virtues, honesty, sobriety, continence, faith in the pledged word, and ruggedness.

10. Cause the registration of all firearms on some pretext, with a view to confiscating them and leaving the populace helpless.

 Communist organizer, Saul Alinsky, was a long-time friend of Hillary Clinton and Barack Obama. Alinski wrote two books that influenced those in political control of our nation today: *"Rules for Radicals"* and *"Reveille for Radicals".* Hillary did her college thesis on his writings, and Obama wrote about him in his books. Alinski wrote about "How to create a Socialist State", and simplified Vladimir Lenin's original scheme for world conquest by Communism under Russian rule. He stated that there are eight levels of control that must be obtained to create a Socialist State, with the first being the most important:

1. Healthcare --- Control healthcare and you control the people.

2. Poverty --- Increase the poverty level as high as possible. Poor people are easier to control

and will not fight back if you are providing everything for them to live.

3. Debt --- Increase the debt to an unsustainable level... that way you are able to increase taxes, and this will produce more poverty.

4. Gun Control --- Remove the ability for citizens to defend themselves from the Government. That way you are able to create a Police State.

5. Welfare --- Take control of every aspect of people's lives...(Food, Housing and Income).

6. Education --- Take control of what people read and what people listen to - take control of what children learn in school.

7. Religion --- Remove the belief in God from schools and the government.

8. Class Warfare --- Divide the people into the wealthy and the poor. This will cause more discontent, and it will be easier to tax the wealthy with the support of the poor.

 These rules are still in effect and demonstrate how much the Democrat Party has been corrupted by the illegal Communist Party USA to follow these rules. Stalin described his converts as "Useful Idiots." These "Useful Idiots" have destroyed every nation in which they have seized power and control. Funded by communist, Hungarian billionaire George Soros, it is presently happening at an alarming rate in the U.S.
