

Archbishop Viganò accuses the Vatican of corruption

From Forbidden Knowledge, 13 July 2023

[Archbishop Carlo Maria Viganò](#) served as the Apostolic Nuncio to the United States from 2011 to 2016. He has since become a Vatican whistleblower, starting with the [Vatican leaks scandal of 2012](#), exposing financial corruption and the blackmailing of homosexual clergy by individuals outside the Church. In a 2018 letter, Viganò accused Pope Francis and other church leaders of covering up sexual abuse allegations against former cardinal Theodore McCarrick.

In recent years, he has railed against the World Economic Forum's Great Reset, which is identical to the United Nation's Agenda 2030, urging a global response to this global threat in the creation of an anti-Globalist alliance to "free humanity from a totalitarian regime that brings together in itself the horrors of the worst dictatorships of all time."

Dear friends,

For two years now, we have been witnessing a global coup d'état, in which a financial and ideological elite has succeeded in seizing control of part of the national government, public and private institutions, the media, the judiciary, politicians and religious leaders.

All of these without distinction have become enslaved to these new masters, who ensure power, money and social affirmation to their accomplices.

Fundamental rights, which up until yesterday were presented as invaluable have been trampled underfoot in the name of an "emergency". Today, a "health emergency", tomorrow, an "ecological emergency" and after that, an "internet emergency".

This global coup d'état deprives citizens of any possibility of defense, since the legislative, executive and judicial powers are accomplished in the violation of law, justice and the purpose for which they exist.

It is a global coup d'état, because this criminal attack against citizens extends to the whole world, with very rare exception.

It is a world war, where the enemies are all of us – even those who unwittingly have not yet understood the significance of what is happening.

It is a war fought not with weapons but with illegitimate rules, wicked economic policies and intolerable limitations of natural rights.

Supranational organizations, financing large measure by the conspirator of this crude attack are interfering in the government of individual nations and in the lives, relationships and health of billions of people.

They are doing it for money, certainly – but even more so, in order to centralize power so as to establish a planetary dictatorship. It is the Great Reset of the World Economic Forum, the Agenda 2030 of the United Nations. It is the plan of the New World Order, in which a universal republic enslaves everyone and a "religion of humanity" cancels faith in Christ.

In the face of this global coup d'état, it is necessary to form an international, anti-globalist alliance, which gathers all those who want to oppose the dictatorship, who have no intention of becoming slaves to a faceless power, who are not willing to cancel their own identity, their own individuality, their own religious faith.

If the attack is global, the defense must also be global. I call upon rulers, politicians and religious leaders, intellectuals and all people of good will, inviting them to unite in an alliance that launches an anti-globalist manifesto, refuting point by point the errors and deviation of this dystopia of the New World Order and proposing concrete alternatives for a political program inspired by the common good, the moral principles of Christianity, traditional values, the protection of life and the natural family, the protection of business and work, the promotion of education and research and respect for Creation.

This anti-globalist alliance will have to bring together the nations that intend to escape the infernal yoke of tyranny and affirm their own sovereignty, forming agreements of mutual collaboration with nations and people who share their principles and the common yearning for freedom, justice and goodness.

It will have to denounce the crimes of the elite, identify those responsible, denounce them to international tribunals and limit their excessive power and harmful influence.

It will have to prevent the actions of the lobbies, above all by fighting against the corruption of state officials and those who work in the information industry and by freezing the capital used to destabilize the social order.

In nations where the government is subservient to the elite, they will be able to establish popular resistance movements and communities of national liberation, including representatives of all sectors of society who propose a radical reform of politics inspired by the common good and firmly opposed to the neo-Malthusian project of the Globalist agenda.

I invite all those who want to defend a traditional Christian society, to meet together in an international forum, to be able to be held as soon as possible, in which representatives of various nations come together to present a serious, concrete and clear proposal.

My appeal is made to political leaders and to rulers who care about good of their citizens, leaving aside your system of political parties and the logic imposed by a system enslaved to power and money.

I call the Christian nations, together from East to West, inviting heads of state and the healthy forces of institutions; the economy, labor, university, healthcare, information to join a common project: disrupting the old system and putting aside the hostilities that are designed by the enemies of humanity, in the name of *Divide et Impera*.

We do not accept our adversaries' rules, because they are made precisely to prevent us from reacting and organizing an effective and unseizable position. I call upon nations and their citizens to align themselves under the Cross of our Lord, Jesus Christ, the only King and Savior, the Prince of Peace, *In Hoc Signo Vincet*.

Let us found this anti-Globalist alliance. Let us give. It is a simple and clear program and let us free humanity from a totalitarian regime that brings together in itself the horrors of the worst dictatorships of all time.

If we continue to delay, if we do not understand the threat that looms over us all, if we do not react by organizing ourselves into a firm and courageous resistance, this infernal regime that is establishing itself everywhere will not be able to be stopped.

And may your Mighty God assist us and protect us.
