

## The Hiroshima Nagasaki 'Dress Rehearsal'

James Corbett Interview with Michel Chossudovsky, 9 May 2024

Michel Chossudovsky of GlobalResearch.ca discusses his recent article: "[The Hiroshima Nagasaki 'Dress Rehearsal': Oppenheimer and the U.S. War Department's Secret September 15, 1945 'Doomsday Blueprint' to 'Wipe the Soviet Union off the Map.'](#)"

Discussion includes the original, genocidal plan of the US War Department for a genocidal nuclear slaughter of the Soviets, how that plan has continued to the present day, the existential threat of nuclear holocaust and the prospects for an anti-war movement that can actually stand up to the military-industrial complex.

Much of the discussion centres around how most of the 'official' history of recent wars, in particular the second World War, is false. Reality, supported by many documents, presents an entirely different picture where much of what the US and UK leaders focussed should be described as the worst war crimes ever committed, including numerous past and current genocides.
