

What Nobody Told You About Julian Assange

The news is roaring around the world: Julian Assange, the man who lifted the lid on the unspeakable crimes of the US Deep State, and revealed them to humanity through WikiLeaks, has been released from prison, after five years of being in solitary confinement.

Julian Assange singlehandedly kickstarted the greatest awakening of the human race since the beginning of time, by revealing to the entire world how the US government is so evil, it is hard to comprehend. The WikiLeaks files revealed for example how Hilary Clinton and Barak Obama are involved in systematic child abuse, among countless other crimes.

See for example this email communication between Stratfor employees, talking about children being brought in to the White House by Obama for a 'party'. *The words 'pizza' and 'hot dogs' were revealed by the FBI to be code words for girls and boys.*

I think Obama spent about \$65,000 of the tax-payers money flying in pizza/dogs from Chicago for a private party at the White House not long ago, assume we are using the same channels?

According to WikiLeaks the company Stratfor is an intelligence agency that provides confidential intelligence services to large corporations, such as Bhopal's Dow Chemical Co., Lockheed Martin, Northrop Grumman, Raytheon and government agencies, including the US Department of Homeland Security, the US Marines and the US Defense Intelligence Agency.

The leaked emails reveal how they participate in parties involving children.

After releasing this kind of information to the world, it is nothing less than a miracle that Julian is still alive. This raises a significant question, concerning what really happened to him. Was he truly arrested by the cabal, or was he being protected by the good side?

In every real world scenario these kinds of men are executed by the Deep State, and the official story to the public usually reads 'suicide'. That he is alive and well, and even was set free, speaks volumes to those who don't have their ears stuffed.

What is even more significant, is that there is post by the high level military operation entities, who sign their intel drops with the letter 'Q', that says 'June Julian Assange'. Or in short **JUNE JA**.

This means they knew years ago that Assange would be set free again in the month of June.

Was Julian Assange Really In Prison?

As I am writing this, I decided to check something, and to my amazement I find a Q post that literally says Julian Assange has always been protected. That is a direct confirmation of what I felt in my gut. It's quite amazing that this comes to me during the very seconds that I am writing this.

Q
What can you tell us about **Assange** ??

>>6572364 (/pb)
Under protection.
Threat is real.
Key to DNC 'source' 'hack' '187'.
Q

This means that for the public Julian Assange was finally released from prison, but in reality he is finally being released from his protection... to continue his mission.

That signals several things that are highly encouraging. First of all it means that a lethal threat to his life has been eliminated. In other words: entities who would previously have been able to kill him, are no longer around. That is incredibly hope giving. The good side would never release Assange from protection, if there was still a risk that he would be murdered.

Could it be that Q managed to take out MS13, the worldwide network of murderers, used by the cabal to take out their opponents? Q did say that MS13 was their priority! (See Q drop 6, Oct. 29, 2017)

That would explain why we are still alive, as well as millions of other brave truth speakers worldwide. A decade ago we would all have been dead by now... Something indescribably profound is shifting in our world, and we haven't seen anything yet!

Another element of powerful hope in the release of Julian Assange is that he is not being released to work as a lonely journalist again, but this time he is supported by the largest military intelligence operation of all time, to take down the evil in our world. This is extremely exciting....

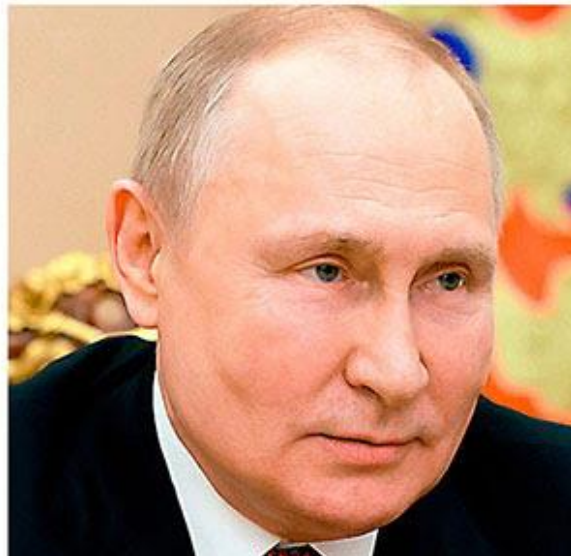

Of course, for the eyes of the public, he will continue to be presented as a lone journalist, but those who have brains to think, eyes to see and a spirit to sense, will know that something far greater is going on, beyond the view of the masses.

Is There Really An Operation To Save The World?

I have explained in great detail in the past how there is hope for this world, as there is an unprecedented divine military intelligence operation ongoing, globally, led by deeply devoted followers of Jesus Christ, who have been working for decades to save humanity from the satanic cabal. [See this post about Q.](#)

Many of us are so severely infested with negativity, that our minds and hearts have no ability to believe that something so good could even exist. But I can say with all sincerity, that I have been observing their actions the past years, and I am fully convinced that this operation is legit.

Here are a few examples of what they are accomplishing:

Left the original Vladimir Putin, a traitor of Russia and WEF criminal. Right the man who replaced him, and who powerfully opposes the WEF and the globalists.

Back in 2012 the criminal puppet of the World Economic Forum, Vladimir Putin, who was selling out Russia to the satanic elites, was removed and replaced a few months later by a man who is in every way his exact opposite. A fierce enemy of the elites, and a devoted Christian, the new 'Putin' started exposing the satanism of the Western leaders, and opposed their agenda of LGBTQA+, transgenderism and pedophilia.

The man who currently plays the role of Putin invaded one of the central operation centers of the cabal in Ukraine, which was a hub for child trafficking, bioweapons, drug dealing, organ trading, and money laundering, as well as horrors I cannot even describe here, as you wouldn't believe it.

The invasion of Ukraine by 'Putin' is such a threat to the world of the satanic elites, that they are still trying to get it back, by sending innumerable troops, weapons and funds from almost every nation of the world to Ukraine. They are in total panic, and George Soros said publicly the fall of Ukraine will be the end of their civilization. That says it all.

You can read more about [the truth about Ukraine in our report](#), which caused us to be censored by the highest authorities of the internet who demanded the removal of our website... *because of this report!*

The military intelligence operation has also been exposing to the entire world how deeply nefarious and totally criminal the CIA, FBI, DOD, DOJ, FDA, CDC, and all other three letter agencies are. They have systematically been unveiling the intensity of the corruption of the entire US government, not just to wake up the American people but to effectively wake up the entire world.

Thanks to this highly effective military operation there are now hundreds of millions of people, in every nation of the world, fully aware of the unspeakable evil of their governments.

They also have been exposing how wicked the news media is, opening the eyes of billions worldwide to the reality of mind control through criminal news media. As a result millions are thinking for themselves again, instead of blindly absorbing every lie from the news.

And these are just a few examples. I can say a thousand times more. But I just want to provide some examples. It is therefore utterly irrational and a sign of either severe dishonesty or extreme brainwashing to deny this obvious operation, that is strategically saving humanity from the worst evil in all of history.

Most Successful Military Operation In History

The greatest accomplishment of this Christian military intelligence operation at the highest level worldwide, is that they woke up countless millions of people, and activated them to become citizen soldiers, who expose the deceptions, and wake up humanity.

This operation started in 2017 and has been the most successful military operation in all of history, as they managed to train and deploy many of humanities most intelligent, creative and bright civilians, who started exposing every work of evil to the human race.

The docuseries *The Fall of the Cabal* is a central example of this. The maker of these documentaries and our dear friend Janet Ossebaard lost her life, as the forces of darkness managed to infiltrate her life on the most personal and intimate level, and drained her to the point of suicide. But Janet heard the clarion call of Q, and created the worlds most powerful documentaries, that exposed every aspect of the satanic works of the Deep State and Cabal, to hundreds of millions of people.

[You can see the entire series *The Fall of the Cabal* on our website.](#)

The release of Julian Assange is a milestone in the history of mankind and it's once again a clear part of this magnificent divine operation to save our world form the grip of satan.

Some Christians say this cannot be, as they know Jesus Christ is the One saving humanity. But they forget that He said we are His body, He dwells inside of us, and works through us to accomplish this deliverance.

Join Hands And Stand As One

This does not mean there is no war raging, in full force. The Satanic elites are still trying frantically to submit all of mankind to their diabolical tyranny, and they are preparing a new plandemic, global famine, vaccine mandates, lockdowns, climate disasters, cyber attacks, large scale blackouts, food poisoning and so much more. But we are not alone in our battle against this great evil.

I ask all who read this to please stop standing at the sidelines, and do whatever you can to be part of this army worldwide of hundreds of millions of people who stand up against the forces of darkness, and join hands to stand as one, with all our differences in culture, faith, and opinions.

We can lay it all down, and say: we are ONE against this monster. Don't fall for the many strategies to divide us.

Have a heart of grace and unity towards all who stand with you. Don't fight the wrong enemy. Stand together against this demonic force that is out to destroy all of us.

I believe a major victory will become obvious in the near future. We will use the next plandemic to expose them even more and wake up humanity more than ever. We keep revealing blazing truth, to hundreds of millions of people.

Please stand with us through this most critical time in all of human history. We will witness the end of the reign of evil and the birth of a new era, where the love of our Creator will increasingly become the very foundation of all human existence.

Don't fight this, but be part of it.

If you can, then please support our mission, as it is truly needed. Together we will see things happen that we never dreamed to witness during our lifetime. [Support us here.](#)

Pray for us, support us please, and keep spreading our documentaries and reports to the world.
